ADMINISTRATION

Horizons — the theme of your yearbook looks to the future and adventures yet to come, while your yearbook itself describes the past and memories I hope you will treasure. Your yearbook is a "timeslice" of your activities at Hahnemann and only a small component of what a lifetime of learning and service can grow to be.

Use this horizon as a foundation to enlarge your awareness of persons, ideas, and places. This should be the order of importance as you seek to understand how you can contribute to improving the quality of your own life and the lives of those you will meet. Always remember to listen and be flexible so that you can adjust to the changes life will impose.

Couple these attributes with dedication, direction, and determination and you will experience the joys of achievement and virtually unlimited horizons in your personal and professional growth.

Dean Ladman

Aaron J. Ladman, Ph.D.
Dean

Mary E. Schlosser, M.S.N.
Associate Dean

Dear Graduates:

Standing on the threshold of your health care career, new goals will now challenge you. Put your knowledge into action unafraid to accept hard work. Face all of life's demands without pettiness. Be big in thought and always generous in judgement of those you meet along life's way. Look for the best in others as you give the best in you. Above all, manifest your loyalty to your patients and employers in word and deed alike.

With the completion of these courses of study, I extend to you sincere wishes for a future filled with deep satisfaction. Do for others in such a way that you will require little or no attention directed toward you. Then you will reap the satisfaction of knowing others were made better for having crossed your path. Good luck and Godspeed.

Associate Dean Schlosser

Congratulations to the 1984 graduates of the School of Allied Health Professions — both to the "new" professionals as well as those "old" professionals with their newly-aquired Hahnemann degrees and certificates. As one of the newest Hahnemannians, I share the excitement and joy of your moment — this moment — in the camaraderie of our mutual professionalism and conjoint goals — that of human services of the highest order for those who need our skills and talents.

Let there be no doubt — the School of the Allied Health PROFESSIONS is aptly named. Your success, and that of your colleagues, will rest in part on the professionalism you display: your integrity, your leadership, your ethics, your commitment to self-education, your peer expectations, and all your actions.

"This above all: to thine own self be true,
And it must follow, as the night the day,
Thou canst not then be false to any man."

Graduate, you've earned your right to call yourself "professional". I have no doubt that you will continue to represent Hahnemann, your alma mater, in outstanding fashion as you practice your profession. Godspeed.

Dr. Beljan

Inauguration of President B. Brown, M.D.

Betram S. Brown
President and Chief
Executive Officer

I have only this first sentence to catch your attention. You have the rest of your life to practice what you've learned here at Hahnemann University. What you have learned here was built upon the base of you as an individual — your personal, community, and family background. What you will practice in the future will also be based on you as an individual with the support of your family, friends, and community.

Hahnemann University is proud to have played a role in your development. We are now part of your family; you are part of ours.

I am certain that the future will be rewarding. The health care fields and health care professions for which you have been so ably trained provide one of the best opportunities to do well and be fulfilled. Do it. Good luck!

President Brown

Distinguished Faculty Award

The distinguished faculty award is given to a member of the faculty primarily for excellence in teaching. The award also looks at the recipient's other contributions such as service to the college and other related activities. The 1983 award was given to Miss Harting of the Medical Technology program. The students of the School of Allied Health and the staff of Horizons yearbook would like to congratulate Miss Harting on receiving this honor.

"To say Miss Harting exemplifies a good teacher would smack of impertinence. She is a great lady, skilled practitioner, a dedicated teacher and professional, a friend to all students and colleagues, a legend in her own time and one of Hahnemann's most respected and truely loved family members."

Associate Dean Schlosser

"It is difficult to annotate the accomplishments and strong positive influence that Miss Harting has made on the faculty. We see the respect she engenders from her students and fellow members of Hahnemann and the community. We know that through her unselfishness and devotion to her own professional growth she has been and will continue to be the example that we all will be measured against."

Freshman Orientation

"Life's a pretty precious and wonderful thing. You can't sit down and let it lap around you . . . you have to plunge into it; you have to dive through it! And you can't save it, you can't store it up; you can't horde it in a vault. You've got to taste it; you've got to use it. The more you use the more you have . . . that's the miracle of it!"

Kyle Samuel Crichton

$25 for the first hour.

That was a cheap shot.

Hey Buddy! Watch those hands.

THRILLER!!!

I've been waiting for this day.

Let me put it to you this way . . .

Can't you see I'm busy?

Our illustrious president and vice president after a hard day's work.

HALLOWEEN PARTY

Student Senate

"As president of Student Senate, I have enjoyed working with the many students, faculty, and administrative personnel that I have come in contact with during this past year. The senate provides students with a chance to interact with each other and faculty members during their course at Hahnemann. Aside from providing for student activities, the senate confronts problems and also debates new ideas for making student life better. The Student Senate allows students to play a role in the planning and growing of this University."

The Social Committee plans all the parties and social events in the School of Allied Health, along with the Student Senate. The planning of parties involves a lot of hard work and energy, that always pays off in the end. In a University such as Hahnemann, with the intensive study programs that the students must undergo, a good party is a great way to let off steam. The main function of the committee is to make sure that student unity and school spirit is kept alive.

Walter Eisenhauer, Physician Assistant Bachelor of Science Degree, Class of 1984. Walter has served as secretary to the Wilbur W. Oaks Physician Assistant Student Society for 1982-83, and currently is president of this society. Walter has participated in career days, and Freshman Orientation at Hahnemann. Walter was chosen to represent his class in May of 83, to the American Academy of Physician Assistants. Walter came to Hahnemann after serving for four and half years as a Navy hospital coreman. After graduation Walter would like to find employment in his field of study, in a underdeveloped area.

Malorie Budman, Mental Health Association of Science Degree, Class of 1984. Malorie served as Advertising Manager and Editor of the Mortem Post, in 1982-83, and helped with the 1982-83 yearbook. Malorie is currently secretary of HILLEL. Malorie would like to continue her education and receive her Bachelor's in the field of Forensic Psychology.

Karen Heimbach, Respiratory Therapy Associate of Science Degree, Class of 1984. Karen has served as class representative to the Student Senate. Karen was involved in the planning of the Pediatric ward Christmas party, and has been an active member of her community volunteer ambulance squad. Karen's future goals are to receive a Bachelor of Science degree in the Health Science field, and to work in the Pulmonary Rehabilition field.

Mary Alice Keough, Medical Laboratory Technician, Associate of Science Degree, Class of 1984. Mary Alice has assisted in Freshman Orientation at Hahnemann. She is currently a representative to the Student Senate, and is a member of the Graduation Committee. Mary Alice is Co-Editor of the '84 edition of HORIZONS; she is also actively involved in the '84 Bed Race. Mary Alice plans to receive her Bachelor of Science Degree in Medical Technology at Hahnemann after graduation.

Cynthia Miller, Medical Laboratory Technician, Associate of Science Degree, Class of 1984. Cynthia has participated in Freshman Orientation at Hahnemann. Cynthia is currently a representive to the Student Senate, and a member of the '84 Bedrace Committee. Cynthia is also an active member of the Graduation committee, and Co-editor of the 1984 HORIZONS yearbook. Upon graduation, Cynthia plans to receive her degree in Medical Technology.

Gwen Murphy, Medical Laboratory Technician, Associate of Science Degree, Class of 1984. Gwen is currently Co-editor of the '84 HORIZONS yearbook. Gwen has participated in the bedrace, career days, and Freshman Orientation at Hahnemann. After graduation Gwen plans to continue her education in Medical Technology and receive her Bachelor's of Science Degree.

PARTY

Christmas At Hahnemann

Don't worry, the doctor will take care of it.

"Oh no! What did I do now?"

That test was a killer.

It's a dirty job, but someone has to do it.

Aerobic dancing anyone??

At the beginning,
of this school year
the disc was missing,
the town was in fear.

At any minute,
it could explode.
Dr. Gerald programmed it
in a special code.

Holly was kidnapped,
and Ceila was too.
Scorpio was desperate
but what could he do.

It was Luke to the rescue,
he saved the day
and gave the D.V.X. spy
Grant Putnum away.

Then the big event,
of the year
Laura returned
but was living in fear.

Stavros insisted
Luke and Laura must die
but they got rid of him
and then said goodby.

What will happen next
tune in and see
General Hospital
it comes on at three.

A yearbook serves as a testimony-a testimony to the year's events and moods. Events of the present, that become memories of our future to be remembered and cherished.

s it possible to choose one picture, or feeling
hat will sum up the past year? No one picture
ıst won't do, therefore,we must form a collage
ı our own minds to reflect the memories and
eelings that come from our own hearts.

The book has come to an end just like this year at Hahnemann. Endings are always sad because we leave behind happy times and memories. We have a sense of satisfaction that we have reached our horizons and accomplished our goals. What we have learned at Hahnemann will continue to be with us, as we start our professional careers. We will continue to dream and strive for new HORIZONS.

We would like to thank all the people who made this publication possible. A special thanks to Donna Frabotta, Yearbook representative from Merin Studios, and Jean Dorman for all her time and patience. Thank you all!

Follow your dream . . .
Take one step at a time
and don't settle for less
just continue to climb.

Follow your dream . . .
if you stumble don't stop
and lose sight of your goal
press onto the top.

For only on the top
can we see the whole view
can we see what we've done,
and what we can do,
can we then have the vision
To seek something new . . .
Press on and follow your dream.
